Dedication to Mr. Thomas M. Chamberlain

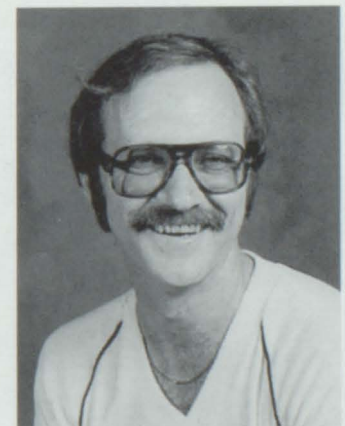

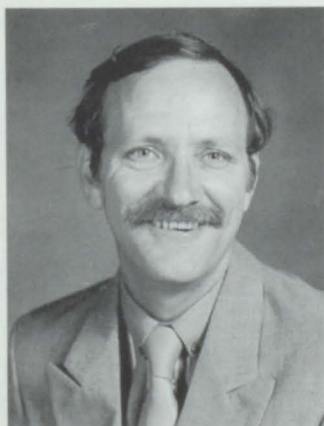

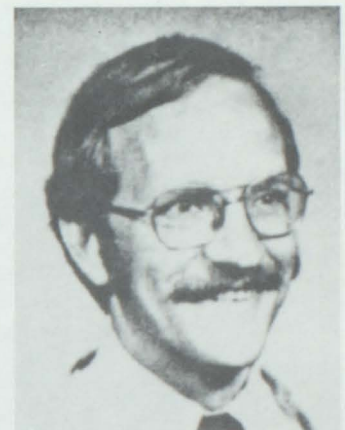

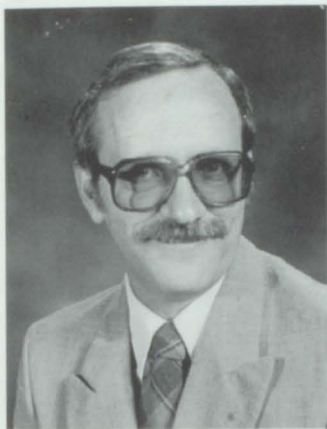

The members of the 1997 Oiler Staff are pleased to dedicate the '97 Yearbook to Mr. Thomas Chamberlain.

Mr. Chamberlain came to East Alton Wood River Community High School in 1975, and has been a great influence to the many students that have crossed his path. His presence has been felt in many ways through the years he has taught here; such as, The Staff Development Council and Humanities Department Chairman.

He served in the Army from 1966 to 1968 at Fort Leonard Wood, Missouri and Fort Bragg, North Carolina. In 1990, 1991, and 1993 Mr. Chamberlain served as NCTE Achievement Awards in Writing judge for this region.

Tom went to Madison Senior High School and attended Southern Illinois University at Edwardsville where he received a Bachelor of Science degree (Major - English and Minor—Psychology) and a Master of Arts degree (English//American and English Literature).

The staff of the Oiler want to thank you for all you have done for the many students you have taught and the work you have done for this school and community. Congratulations to a great teacher and person.

Senior Memories

School Day Memories

As we reach out our hand
the diploma we grasp,
while we think of the memories
of the years of the past.
Tears fill our eyes
because it's all gone,
we're starting a new life,
we have to move on.
We hope friends will keep in touch
as the years pass us by.
Although it hurts inside
we'll try not to cry.
We think of kindergarten
and our first day,
now we've reached the end
and are going away.
How do you say good-bye
to friends who mean so much?
Will there be time
to sincerely keep in touch?
You'll always have the memories
of school years from day one.
Don't think of school as the ending--
think a new life has begun!!

We Were
by Carole Amizich

We were,
Not knowing exactly what we were about.
We were,
Going through life doing the best we can.
We were,
Struggling to understand
Understand what we are.

Goofball of '97 -
Kyle Taylor

It was on the 30th of September
something happened that was weird
A popular jock of Wood River High
for 5 hours disappeared.

Could it have been aliens
that took Big D away
or could he have fallen from the stage
like did that oh so memorable day.

Everyone in school missed him
cause the guy is a blast,
but his desk remained empty
in Resource Management class.

His teammates couldn't find him
and were filled with such gloom.
"Whats happened to #71"
was heard in the old locker room.

Dharvin is a very smart fellow
so how could it be that he
let Coach Sobol lock him in the drafting room
and throw away the key.

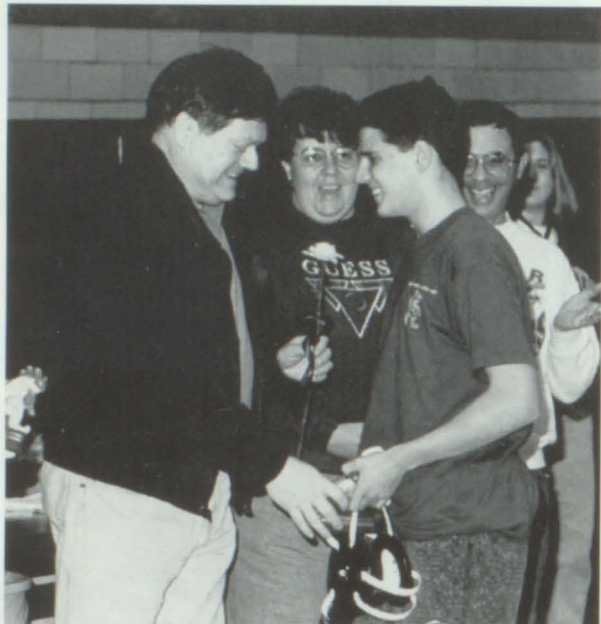

-Larry Kamp

Foreign Exchange Student

Tama's Turmezey

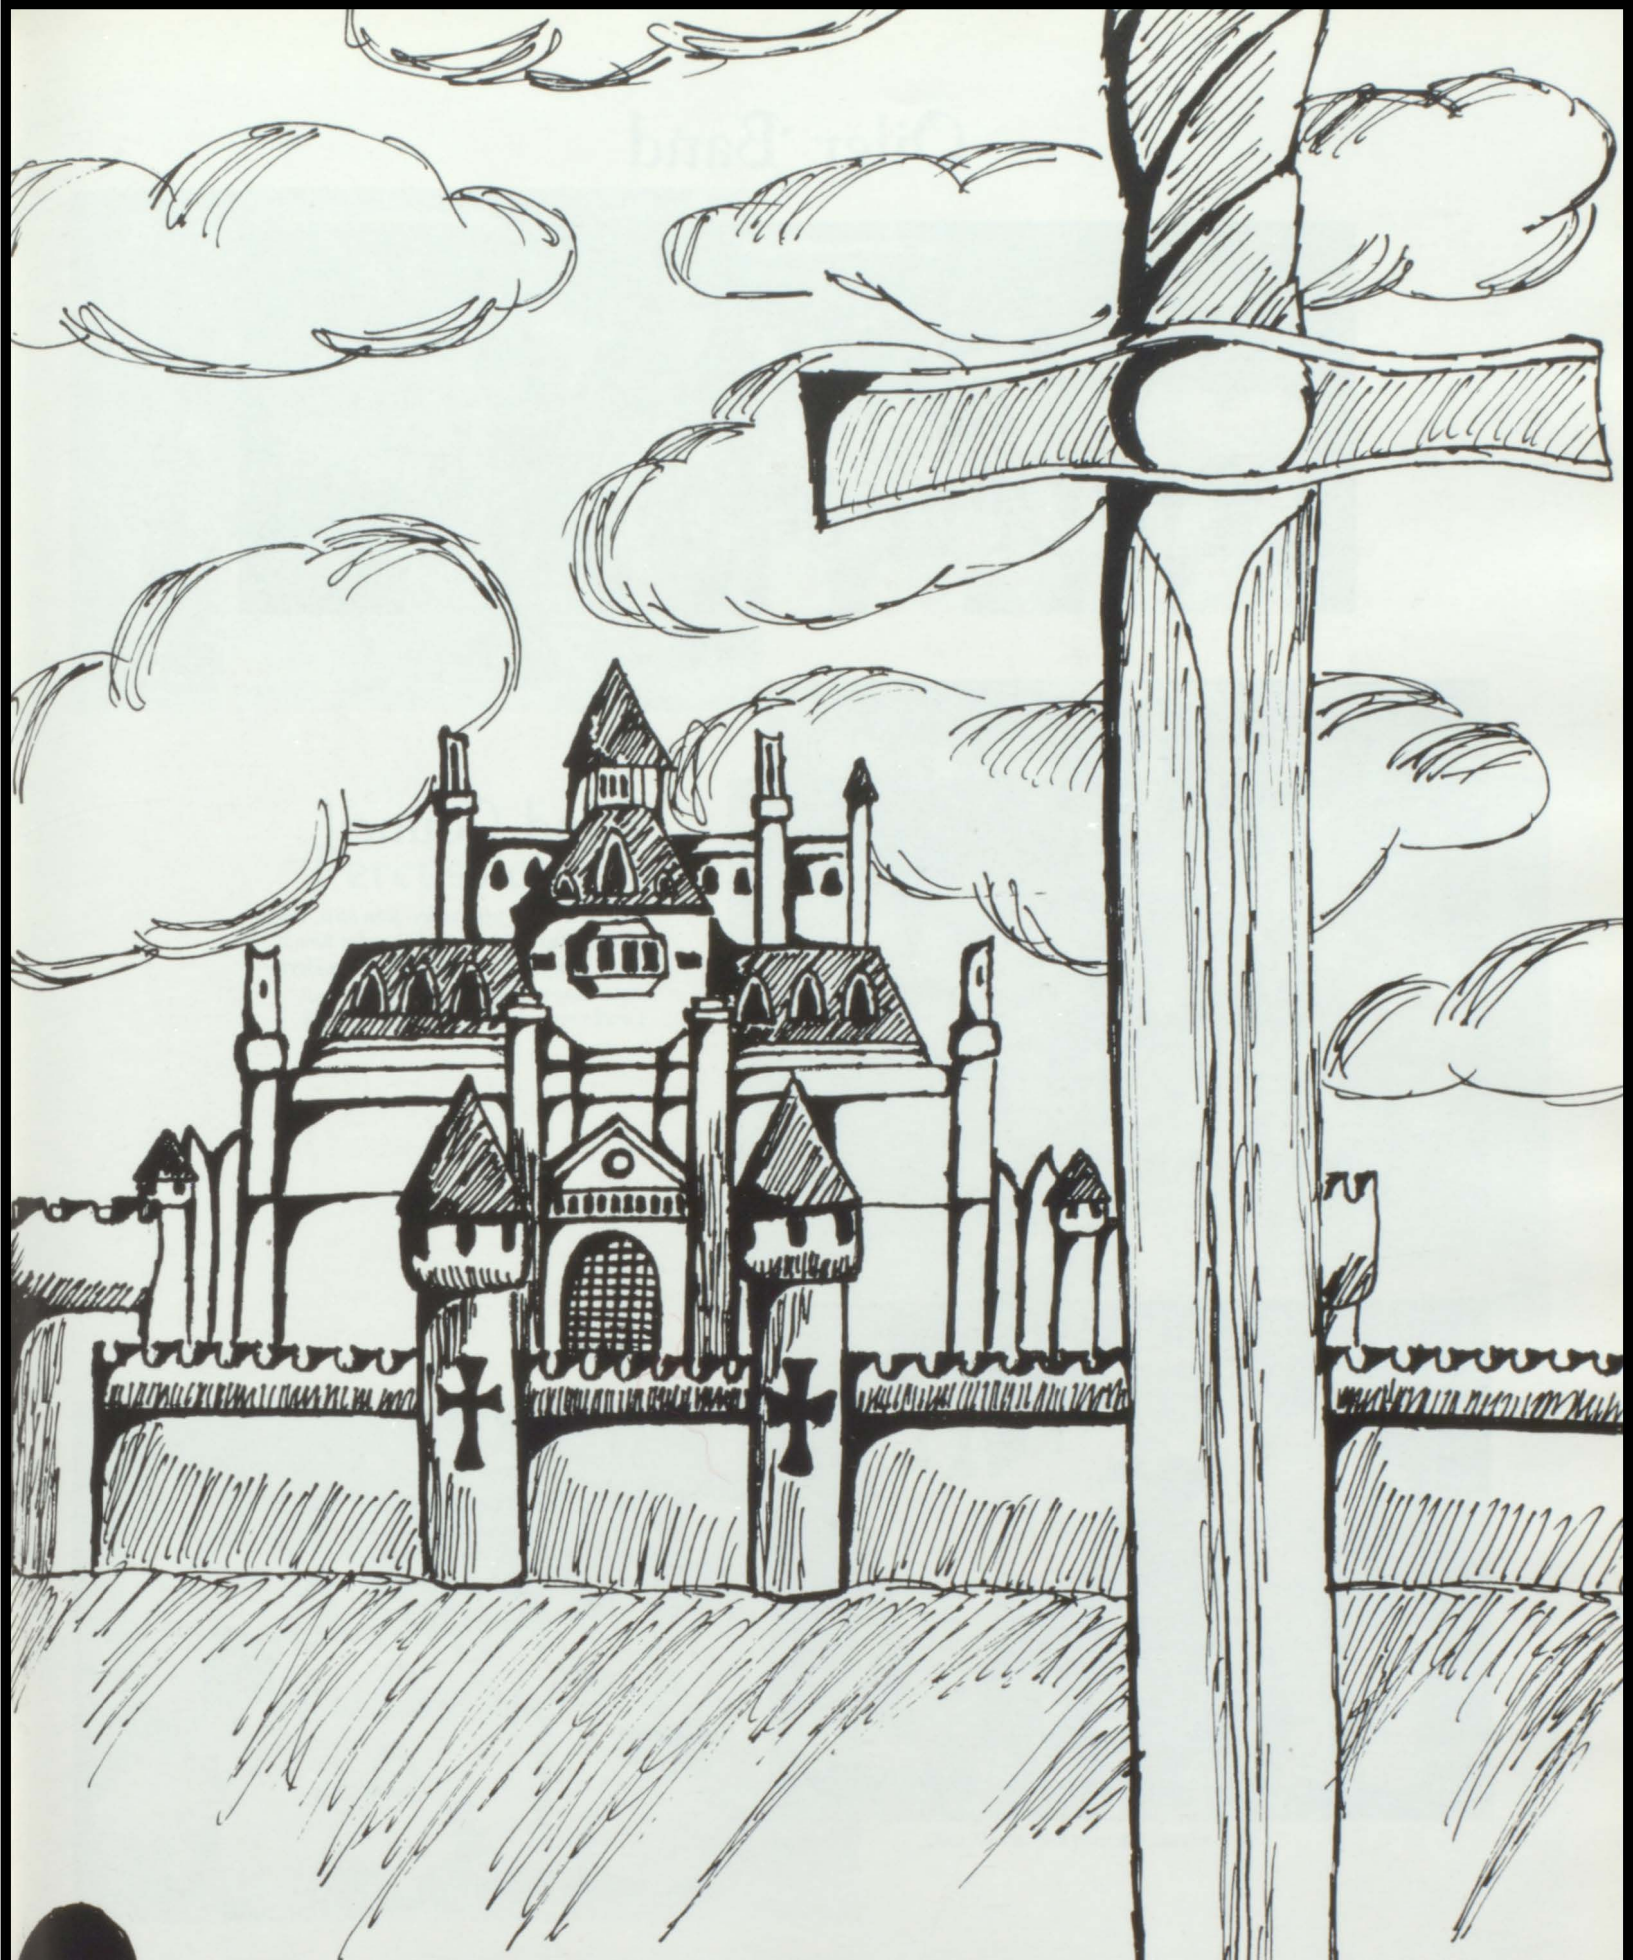

Tama's Turmezey is from Budapest, Hungary, and is an exchange student living with host parents, Mike and Vickie Hovis of East Alton. The population in the area where he lives is about two and one half million. His father, Tibor Turmezey, is managing director of an investment company; and his mother, Judit Muhari, is financial officer of a financial company. His brother, A'Kos is 20 and is attending a trade school.

Tama's likes the theater, especially musicals with *West Side Story* and *Cats* being two of his favorites. He saw both of them in Hungary. Tama's played soccer in Hungary and was on the soccer team here. He also played indoor soccer this winter. He also wrestled here at EAWRCH. Tama's likes snowboarding and was fortunate enough to be able to go to Denver, Colorado over Christmas and do some serious snowboarding.

Tama's says that more emphasis is put on sports here at EAWRCHS than at his school in Hungary where the emphasis was on academics. He had twelve different classes in Hungary with different hours each day. He is taking pre-calculus here and would like to be able to take calculus.

We hope, Tama's, that you have enjoyed your experience here in the United States and especially here in Wood River.

This group of students serves as role models for students in both Lewis and Clark Jr. High and East Alton Middle School. Working in teams of three, they present the positive ALPHA program to the junior high school students once a week for two months. They talk to students about having fun without the use of drugs or alcohol. Not only do they talk about the program, but about both the program and themselves. This is the fourth year for the ALPHA program taught by students and it has proved to be very valuable.
